

## SAFETY DATA SHEET

First Edition: October 2025

Exterior Detailing Spray

Last Modified: October 2025

### Section 1: Identification

**Manufacturer:** Traeger Pellet Grills LCC  
533 South 400 West  
Salt Lake City, UT 84101 USA  
801.701.7180

**Product Name:** Exterior Detailing Spray  
**Recommended Use:** Cleaning Compound  
**Restrictions on Use:** Keep away from children  
**Emergency Contact / Number:** ChemTel / (800) 255-2924

### Section 2: Hazard(s) Identification

#### Hazards

Skin corrosion/irritation      Category 2, Causes skin irritation  
Sensitization, skin      Category 1, May cause an allergic skin reaction

**Signal word**      Warning

#### Precautionary statements

Prevention	Avoid breathing mist or spray. Wash thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves.
Response	IF ON SKIN: Wash with plenty of water. If rash or skin irritation occurs and persists: Get medical advice/attention. Take off contaminated clothing and wash before reuse.
Disposal	Dispose of contents/container according to all regulations and guidelines.

### Section 3: Composition/ Information on Ingredients

Component Name	CAS#	Component Percent
Orange Oil	8008-57-9	<1
Sodium metasilicate, penta	6834-92-0	<1
Other Ingredients: Non-hazardous or below hazard level	Mixture	Balance

### Section 4: First-Aid Measures

**Eye Contact** Mist may be irritating. Flush eyes with water for several minutes. Remove contact lenses after the initial 1-2 minutes and continue flushing for several additional minutes. Seek prompt medical attention if irritation occurs and persists.

**Skin Contact** Prolonged or repeated contact or poor hygiene may cause irritation or sensitization. Wash exposed area with soap and water. Remove contaminated clothing and shoes while washing and launder before reuse. Seek medical attention if a rash, pain or irritation occurs and persists.

**Ingestion** May be irritating. Never give anything by mouth to an unconscious person. If affected person is conscious, give plenty of water to drink. Wash out mouth with water. Do not induce

vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Get medical attention if discomfort occurs and persists.

**Inhalation** May be irritating. Remove affected person from source of exposure. Get medical attention if pain, irritation or discomfort occurs and persists. Give oxygen or artificial respiration if breathing is difficult or stopped.

**Most Important Symptoms and Effects, Acute and Delayed** Eye irritation which persists after rinsing eyes.

**Indication of Immediate Medical Attention Needed** Eye pain or loss of vision

### Section 5: Fire-Fighting Measures

**Suitable Extinguishing Media** Product does not burn. Use water spray, dry chemical, foam or CO<sub>2</sub> as applicable for burning materials. Use a water spray to cool structures, fire-exposed containers, and to protect personnel. Exposed firefighters should wear MSHA/NIOSH approved self-contained breathing apparatus with full-face mask and full protective equipment.

**Special Firefighting Procedures / Unusual Firefighting Hazards** Not Applicable

### Section 6: Accidental Release Measures

**See Section 8 for personal protective gear**

**Personal Precautions** Spill areas may be slippery. Avoid skin and eye contact with spilled material.

**Environmental Precautions** Contain spill if it can be done with minimal risk. Advise EPA, state or local agencies as required.

**Methods for Cleaning Up** Mop up small spills. Dike area with sand or other material for large spills; isolate release area and keep unnecessary or untrained people away. Flush area with water to neutralize and remove slip hazard. Do not discharge large amounts to the environment

### Section 7: Handling and Storage

**See Section 8 for personal protective gear**

**Handling** Use good hygiene practices when handling product, including changing and laundering dirty or contaminated work clothes after use. Wash hands at break, end of shift or before eating or using restroom. Avoid eye contact. Wash exposed skin areas thoroughly after handling. Treat containers with same caution as when handling the contents. Keep containers tightly closed when not in use. When unloading bulk vehicles or large quantities, personnel should wear chemical goggles and rubber or neoprene gloves to avoid prolonged contact.

**Storage** Keep product in labeled or original container. Keep closed when not in use. Store in a cool, dry, well-ventilated area. Empty product containers of this material may retain residues; observe all warnings and precautions listed for the product

### Section 8: Exposure Controls/Personal Protection

**Exposure Limits**

**Component Name** None established

**OSHA TWA** Not Applicable

**ACGIH TWA** Not Applicable

**Engineering Controls** Unlikely to be necessary. Use local or general exhaust if necessary to maintain good air quality.

**Eye and Face Protection** May be irritating. Wear safety glasses or goggles to protect eyes. Use a face shield if splashing is possible such as when pouring or transferring large volumes.

## SAFETY DATA SHEET

First Edition: October 2025

Exterior Detailing Spray

Last Modified: October 2025

**Skin Protection** Wear gloves or other protective clothing as appropriate to avoid prolonged skin contact.

**Respiratory Protection** May be irritating; use a mask or respirator if at risk of extended inhalation.

**General Hygiene** Follow accepted work practices for handling cleaners or chemicals. Do not eat, drink or smoke in areas where this product is used or stored. Wash after task or shift, when using the restroom or before eating.

### Section 9: Physical and Chemical Properties

Appearance/Physical State	Clear orange liquid	Flash Point (PMCC)	>212 degrees F
Specific Gravity (20 °C)	0.995 – 1.005	Upper Flammability Limits (% by volume)	Not Applicable
Evaporation Rate (butyl acetate = 1)	Equal to water	Lower Flammability Limits (% by volume)	Not Applicable
pH	11.5 – 12.5	Auto-ignition Temperature	Not Applicable
Solubility in Water	Complete	Decomposition Temperature	Not Applicable
Odor	Mild, citrus	Vapor Pressure	Not Determined
Odor Threshold	Not Determined	Vapor Density (Air=1)	Not Determined
Melting/Freezing Point	32 °F, 0 °C	Partition Coefficient (n-octanol/water)	Not Determined
Boiling Range	Not Determined	Viscosity	Not Determined
Initial Boiling Point	212 °F, 100 °C	Critical Temperature	Not Determined

Note: Physical and chemical properties are provided for safety, health and environmental considerations and do not fully represent product specifications. Those should be requested separately.

### Section 10: Stability and Reactivity

**Reactivity** Stable under normal use and storage conditions.

**Chemical Stability** Stable under normal use and storage conditions. Possibility of Hazardous Reactions Will not occur under normal conditions.

**Conditions to Avoid** None known

**Incompatible Materials** None known

**Hazardous Decomposition Products** None known

### Section 11: Toxicological Information

Specific toxicity tests have not been conducted on this mixture. In accordance with OSHA's Hazard Communication Standard 1910.1200, this mixture is assumed to have the same health hazards as its significant components.

**Eye Contact** Eyes may be irritated if not rinsed out. See Section 4.

**Skin Contact** Repeated or long term contact with product as received may cause irritation or sensitization. See Section 4.

**Ingestion** Not toxic but may cause gastrointestinal irritation if swallowed. See Section 4.

**Inhalation** Prolonged mist or vapor inhalation can cause reversible irritation to the nose, throat, and respiratory tract.

**Target Organ Effects** None known

**Pre-existing Conditions** Persons with pre-existing skin disorders or eye problems, or impaired respiratory function may be susceptible to the effects of this product.

**Chronic Effects** Any acute symptoms may be aggravated by long term exposure. Refer to Section 4 for recommended actions.

**Reproductive Effects** No known reproductive or developmental effects.

**Mutagenicity and Carcinogenicity** No components at actionable levels are found by NTP, IARC or OSHA to be mutagens or carcinogens.

Exterior Detailing Spray

Last Modified: October 2025

### Section 12: Ecological Information

Product is non-toxic, fully soluble in water and biodegradable. Contains low levels of environmentally hazardous materials.

### Section 13: Disposal Considerations

Empty containers may contain residues. Triple rinse before recycling or disposing. Always dispose of container in accordance with local, state/provincial, and/or federal regulations.

### Section 14: Transport Information

**U.N. Number:** Not Applicable

**U.N. Proper Shipping Name:** Cleaning Compound, Liquid

**Transportation Hazard Class(es):** Not applicable

**Packing Group:** Not applicable

**Environmental Hazards:** Marine Pollutant- NO

**Transportation in Bulk (according to Annex II of MARPOL 73/78 and IBC Code):** Unknown

**Special precautions which user needs to be aware of/comply with, in connection**

**with transportation or conveyance either within or outside their premises:** None known

**U.S. (DOT)/ Canadian TDG:** Not Regulated for shipping

**IMO/IDMG:** Not classified as hazardous

**ICAO/IATA:** Not classified as Hazardous

**ADR/RID:** Not classified as Hazardous

### Section 15: Regulatory Information

**TSCA and DSL Status** All components are listed or exempt in the TSCA and DSL inventories.

**SARA 311/312 Reporting Categories** None

**SARA 313 Reportable Ingredients** None California

**Prop 65 Chemicals** None

### Section 16: Other Information

**Department Issuing SDS** Health and Safety
